## JAIL SENTENCE IS MADE COMPULSORY

Bill Passed by Senate Provides Pen-  
alty of Thirty Days for Boot-  
leggers First Offense

NO SUSPENSION PERMITTED

Penalty for Second Offense is One  
to Two Years Imprisonment and  
Fine of \$1,000

(By United Press)

Indianapolis, Ind., Jan. 22—Try-  
ing to wipe out the ninth life of  
John Barleycorn, the state senate to-  
day passed a bill which makes a  
thirty day jail sentence compulsory  
for bootleggers on first offense.

Under this bill the judge would not  
be permitted to suspend sentences  
for violation. For second offense the  
bill provides a penalty of one to  
two years imprisonment and a fine  
of \$1,000. The measure must still be  
approved by the house of represent-  
atives and signed by Governor Mc-  
Cray before it becomes a law.

Senator Dunn of Spencer, author  
of the bill, lead the fight for its pas-  
sage. Senator Van Orman of Ev-  
ansville and Senator Batt of Terre  
Haute spoke against the measure as  
a blow "at personal liberty" and as  
"a slap at the judiciary."

Senator Hartzell of Fort Wayne  
and Senator Buchanan of Indianap-  
olis also spoke for the measure.

A bill backed by women voters  
which would not require the voter  
that registered to state their exact  
age was passed, 27 to 15. It now  
goes to the house.

School teachers would have to be  
naturalized in a bill which passed  
the senate with a vote of 36 to 3.  
The measure was introduced by Sen-  
ator Miller of Indianapolis and now  
goes to the house.

A bill introduced by Senator Dunn  
of Spencer, which would repeal the  
law enacted in 1921 requiring 80  
percent of the resident property  
holders to kill a street paving resolu-  
tion by remonstrance, was passed.  
The bill would only require a major-  
ity of property holders to remon-  
strate.

The house was not in session this  
morning but convened at two o'clock  
this afternoon and the senate also  
convened at that time.

## CONCESSIONS MADE TO GERMAN STRIKERS

State Mine Director is Released at  
Essen and Troops are Withdrawn  
From State Mines

NEW MEASURES DECIDED ON

(By United Press)

Paris, Jan. 22—Marshal Foch and  
the French cabinet today decided  
upon new measures "of a military  
and economic nature" to meet the  
strike of German miners and rail-  
road workers in the Ruhr.

At the same time, the French com-  
mander at Essen released Herr Ah-  
rens, state mine director, whose re-  
turn was hailed tumultuously by  
striking miners; troops were with-  
drawn from the vicinity of the state  
mines; and from the Reichsbank at  
Essen; and the French pledged  
themselves to maintain only a small  
watch at railroad stations, this con-  
cession causing German railroad  
workers at South Dortmund to re-  
turn to work.

These preliminary concessions  
were not considered indicative of the  
French attitude in general, however,  
and it is understood severe measures  
are planned.

UNDERGOES OPERATION

Mrs. Harvey Willey, living in Or-  
ange township, this county, under-  
went an operation at the Dr. Sexton  
hospital in this city Sunday. She is  
reported to be doing as well as could  
be expected.

## FIVE MINOR LAW SUITS ARE FILED

Two Complaints on Notes, Two on  
Accounts and One Asks Partition  
of Real Estates

JURY IS NOT USED TODAY

Ordered to Report But Case Set for  
Trial is Continued—Arguments  
in Farm Lease Case

Five minor law suits have been  
placed on file in the circuit court,  
two of them being on accounts, two  
on notes and one for partition of  
real estate.

The jury was called for service  
today, but the case set for trial was  
continued Sunday, and the jurors  
were notified yesterday not to report  
today.

Court for a while this morning  
was occupied with arguments in the  
case of Wilson against Cain, a suit  
to reform a farm lease, which was  
heard last week in court, excepting  
the arguments, which were heard  
this morning. No decision was ren-  
dered in the matter.

The suit for partition of real es-  
tate, filed today, was by Lola P.  
Nordloh, et al., against Ethel and  
Fred Posey, the complaint asking the  
court to appoint a commissioner,  
and order land sold, because it can-  
not be divided satisfactorily among  
the heirs of Mrs. W. A. Posey.

Fred A. Caldwell is plaintiff in  
two suits, one being on an account  
against William Emsweller, with the  
demand for \$150 judgment and the  
other against Thomas H. Stout, a  
complaint on a note.

Lincoln Giffin is plaintiff in a suit  
filed against James Ellis Culbertson,  
the complaint being on an account  
for merchandise, and with the  
amount placed at \$325.

The same defendant is also sued  
in another complaint filed by Harvey  
M. Cowing, the complaint being on a  
note, demanding judgment for \$260.

## INJURIES SUSTAINED IN FALL PROVE FATAL

Mrs. Sarah A. Bartlett in Her 91st  
Year, Expires at Home of Her  
Daughter, Mrs. W. D. Root

FUNERAL TUESDAY, 2 P. M.

Mrs. Sarah A. Bartlett, who would  
have been ninety-one years of age  
next month, expired at the home of  
her daughter, Mrs. W. D. Root, 421  
North Perkins street, Sunday. The  
cause of her death was the result of  
a fractured hip she sustained in a  
fall at her daughter's home a few  
weeks ago, and on account of her  
advanced age the accident proved fatal.

Mrs. Bartlett was well known in  
this city and also in Milroy where  
she had lived practically all her life.  
The survivors are the daughter at  
whose home she died, and another  
daughter, Mrs. L. B. Miller, also re-  
siding in this city.

The funeral services will be con-  
ducted Tuesday afternoon at two  
o'clock at Mrs. Root's residence, and  
burial will take place in the Milroy  
cemetery. The Rev. H. W. Hargett,  
pastor of the St. Paul's Methodist  
Episcopal church of this city, will  
have charge of the funeral services,  
assisted by the Rev. R. R. Cross, of  
the Methodist church of Milroy.

## LARGE AUDIENCES HEAR TWO SERMONS

The Rev. E. Richard Edwards Speaks  
on "Reaching The Goal; What It  
Costs," at Morning Service

THREE ADDITIONS TO CHURCH

Evangelist at Christian Church Says  
We Must Travel King's Highway  
in "Good Roads" Sermon

Two unusually large audiences as-  
sembled at the Main Street Christian  
church both morning and evening to  
hear the Rev. E. Richard Edwards.  
The auditorium was filled at both  
services and overflowed into the  
Sunday school auditorium. At the  
morning hour he spoke on "Reaching  
the Ideal; What it costs?"

"If you know what you want and  
are willing to pay the price, you can  
have it. You cannot steal success,  
dodge payment. You cannot shoplift  
from life's counter," the Rev. Mr.  
Edwards said.

At night he spoke on "Life And  
the Problem of Good Roads". In this  
sermon the speaker presented the  
parallel lessons of good roads and  
the "way to heaven," declaring that  
Christ is the way, the truth and life  
—the only way that leads to the  
throne of God.

"If we would reach heaven," he  
continued, "we must travel the  
King's Highway of Holiness. The  
way of salvation like the good roads  
of life has been built at a tremen-  
dous cost—the blood and sacrifice of  
Christ."

He gave a graphic description of  
the "Songs of the road", contrasting  
the ribald songs and "jazz" of the  
broad road to the sweet and spiritual  
songs on the "Jesus way."

"The Bible is the Guide Book and  
Faith, Repentance, Confession,  
Obedience and godly living are the  
Guide Boards that mark the way we  
should travel," the speaker said.

Mrs. Charles Offutt sang at the  
morning hour and P. W. Oren at the  
evening service. At the night service  
O. E. Collins of Logansport, leader  
of the American Legion Band of that  
city, a professional coronetist and  
evangelistic singer and musical di-  
rector, rendered a coronet solo.

The subject of the Rev. Mr. Ed-  
wards' sermon this evening will be  
"Rummaging Through the Soul".  
Mrs. Carl Beher will sing.

There were three additions to the  
church Sunday.

## PATRONS ARE URGED NOT TO BE IMPATIENT

Checks For War Savings Stamps  
Will be Mailed Just as Soon as  
Received Here

CONGESTION IN CHICAGO

A statement issued at the post-  
office today urged all owners of War  
Savings Stamps not to be impatient  
because the delay in mailing checks  
for the Stamps could not be avoided,  
due to the congestion at the federal  
reserve district bank in Chicago,  
through which all Stamps must pass  
before payment is made.

According to word received at the  
Rushville office, War Savings Stamps  
are arriving at the federal reserve  
bank at the rate of a ton a day, and  
even though many extra clerks have  
been employed, the congestion could  
not be avoided.

A few of the Stamps presented at  
the Rushville postoffice were paid out  
of a surplus in December receipts  
which the office had, but this could  
be done only in a limited number of  
cases where the person owned a  
small quantity of Stamps.

Not a single check has been re-  
ceived for Stamps sent to the federal  
reserves bank for redemption. The  
Rushville office sends the Stamps  
presented, here to Indianapolis and  
they are forwarded on to Chicago,  
which has to handle every Stamp re-  
deemed in the seventh federal re-  
serve district.

## PAINTINGS ARE ON EXHIBIT HERE

Twenty-two Canvases of Randolph  
LaSalle Coats Being Shown in  
D. A. R. Rest Room

INCLUDES HIS BEST WORK

Public Invited to Exhibition to be  
Held all Week in Court House  
Adjoining Library

An informal opening of an exhibi-  
tion of paintings by Randolph La-  
Salle Coats will be held this after-  
noon and evening in the D. A. R.  
rest room at the court house. Mr.  
Coats who has just returned from a  
season's painting and travel in Eur-  
ope, comes to Rushville with an exhibi-  
tion of his work for the first  
time. He has recently closed a suc-  
cessful exhibition at the Claypool  
hotel in Indianapolis, and this month  
at the invitation of the Richmond  
Art Association, is showing 20 can-  
vases as a special feature of the 26th  
Annual Exhibition of Indiana Ar-  
tists in the Richmond galleries.

Mr. Coats began his art career as  
a student of the Herron Art Insti-  
tute under Wm. Forsyth, later at-  
tending the Cincinnati Academy of  
Fine Arts as a scholarship student  
and for the past four years has  
been a member of the faculty of the  
Cincinnati Art Academy. As a Hoosier  
he is a regular exhibitor in the  
Indiana annual exhibitions at In-  
dianapolis and traveling exhibitions  
throughout the state, as well as con-  
tributing to American exhibitions in  
the East. The Foulke Richmond Prize  
was awarded Mr. Coats in 1917 and  
the M. T. R. Foulke Purchase Fund  
Award in 1921. The same year the  
Indianapolis Art Association Pur-  
chase Prize was given his canvas  
depicting the Cincinnati hillside ten-  
ements. First prize in figure painting  
was given him at the Indiana state  
fair two years and he also received  
first in still-life two successive years.  
Mr. Coats is represented in the  
Richmond Art Gallery by "Liquid  
Gold"; Herron Art Institute by "Ri-  
verview Row" and by four large  
murals in the Youree Hotel Shreve-  
port, depicting the oil industry.

The exhibition shown in the D. A.  
R. room offers 22 canvases, includ-  
ing some of the best work from Mr.  
Coats' brush, among the most im-  
portant of which is "Portuguese  
Villa" one of only four canvases to  
be left from a summer's work, two  
years ago at Provincetown, Mass.  
This canvass has the distinction of  
having been accepted by almost a  
dozen juries for American exhibi-  
tions as well as passing the Interna-  
tional jury at Pittsburgh for the an-  
nual exhibition at Carnegie Institute.  
The picture is distinguished for its  
movement of line, fine feeling for

## MOTHER OF MRS. R. A. INNIS DIES IN TEXAS

Mrs. Orma L. Archer Expires Sun-  
day at the Home of Her Daugh-  
ter, Mrs. Fred Koons

WELL KNOWN IN THIS CITY

Word was received here this morn-  
ing of the death of Mrs. Orma L.  
Archer, which occurred Sunday at  
the home of her daughter, Mrs.  
Fred Koons, in Garwood, Texas.  
Mrs. Archer had been ill for several  
weeks suffering with a complication  
of diseases. The deceased was well  
known in this city, having made her  
home with her daughter, Mrs. Robert  
A. Innis, for a few years.

The survivors are three daughters,  
Mrs. Innis of this city, Mrs. Koons,  
at whose home she died, and Mrs. E.  
H. Pence of Portland, Oregon. Mrs.  
Innis was in Miami, Florida, at the  
time of the death and she is now  
enroute to Garwood.

The body of Mrs. Archer will be  
brought to Hanover, Ind., for burial,  
and the body is expected to arrive  
there sometime Wednesday. Mrs.  
Archer spent practically all of her  
married life in Hanover.

## Girl's Voice Expected to Be Restored After Operation

Maxine Brown, daughter of  
Mr. and Mrs. W. V. Brown, 415  
West Fifth street, has re-  
turned from the Methodist hospi-  
tal at Indianapolis, where she  
was taken recently for treat-  
ment and removal of her tonsils,  
in an effort to restore her  
voice, which left her four  
months ago. The case was a  
peculiar one, according to the  
specialists, who diagnosed her  
case as paralysis of the vocal  
chords. Miss Brown is a high  
school student. Following the  
operation for enlarged tonsils,  
indications are that her voice  
will be completely restored, and  
it is believed that the difficulty  
will be overcome. During the  
four months, she was unable to  
utter a word, and was com-  
pelled to write any conversa-  
tion.

## ONLY TWO WEEKS LEFT TO ENROLL

Aim is to Have Fifty Farmers in  
Ton-Litter Club by January 31  
When Time Expires

COUNTY'S BIGGEST PROBLEM

Though Claiming to be Leading Hog  
Producer in State, She is Not in  
This Work Extensively

The county agent announced to-  
day that only two weeks remained in  
which enrollment in the ton-litter  
club will be received. A number of  
farmers have already enrolled and it  
is hoped that by January 31, the  
last day, there will be a total of at  
least fifty enrolled.

Farmers are very well acquainted  
with the ton-litter work carried on in  
the state last year, in which the In-  
diana Livestock Breeders association  
awarded gold medals to contestants  
who succeeded in producing a litter  
of pigs to ton weight at six months  
of age, a silver medal for a litter of  
1,800 pounds and a bronze medal for  
a litter weighing 1,600 pounds at  
six months of age.

Although Rush county claims to  
be the leading hog producing county  
in the state, she has not entered into  
the ton-litter work very extensively,  
and no ton litters have been pro-  
duced by a contestant in this coun-  
ty. It is hoped that several will be  
produced in the contest this year.

In order to stimulate interest in  
this work, it has been decided that a  
special trophy will be awarded to the  
contestant in this county who mar-  
kets the largest number of pounds of  
pork per sow for a given age. This  
trophy will likely be in the form of  
a silver cup, and will be such that  
anyone will be proud to own.

It is pointed out that the winning of  
the medals is not the chief purpose  
of the contest, which is to enable the  
contestant to study more closely the  
factors involved in pork production,  
especially in regard to saving a large  
percent of the pigs farrowed, which  
is regarded as the greatest problem  
before the average Rush county far-  
mer today.

## FIRST PAYMENTS NOW DUE

Kiwanians Notified Regarding Riley  
Hospital Subscriptions

In answer to inquiries from mem-  
bers of the Rushville Kiwanis Club,  
the state headquarters in Indianap-  
olis, of the James Whitecomb Riley  
Hospital for Children announces that  
first payments on pledges made to  
the hospital building fund are now  
due, and checks should be sent to  
the Riley Memorial Association, 801  
National City Bank building, Indian-  
apolis. Pledges are payable over a  
five-year period, one-fifth of the to-  
tal payable each year.

Pledges totalling \$1,395 have been  
made by members of the Kiwanis  
club here. Kiwanis clubs of the state  
are raising a \$150,000 fund for the  
erection of one of the ward buildings  
of the Riley Hospital. Construction  
work on the first unit of the hospi-  
tal, being erected in Indianapolis,  
is now well under way.

## SEAT PLAT IS TO OPEN WEDNESDAY

Holders of Season Tickets For Lit-  
tle Theatre Bill May Make Re-  
servations First

GET FIRST CHANCE AT SEATS

Three One-act Plays, a Comedy,  
Drama and Ballet, to be Present-  
ed at Princess Jan. 29

Seat reservations for the second  
bill of the Little Theatre society, to  
be presented at the Princess theatre  
Monday evening, January 29, may  
be made at Pitman and Wilson's  
drug store by season ticket holders  
Wednesday morning.

The plat will not be open to those  
having only single admission tickets  
until Thursday. The bill will consist  
of a comedy, drama and ballet, the  
characters in which were announced  
today.

"Suppressed Desires", a comedy  
by George Cram Cook and Susan  
Glaspell, deals with psycho analysis  
in a most amusing way. The scene is  
laid in the Greenwich Village apart-  
ment of a young architect and his  
wife. The wife, a disciple of psycho  
analysis, almost drives her husband  
distracted with her constant talk on  
the subject. How he cures her by  
using one of her own theories is  
brought out most cleverly and amus-  
ingly.

Characters in the play are: Hen-  
rietta Brewster, Elizabeth McWil-  
liams; Stephen Brewster, A. F. Cot-  
ton; Mabel, Mary Ruth Junken.

"Where the Cross is Made" by  
Eugene O'Neill is an intensely dra-  
matic study of the effect of the sea  
upon character. Like the same auth-  
ors, "Anna Christie", the Pulitzer  
prize play of last year, it uses the  
fear and love of the sea as a back-  
ground for a strong character study.  
It contains the same simple, direct  
and truthful dialogue in which he  
excels every living American play-  
wright and is beyond a doubt one of  
the best of his one-act plays.

The play gives opportunity for  
brilliant acting and the cast pre-  
sented it is making the most of its  
opportunity. It is under the direction  
of Denning Havens, who is also  
playing the chief role. The complete  
cast: Captain Isaiah Bartlett, Wil-  
liam Worthington; Nat Bartlett, his  
son, Denning Havens; Sue Bartlett,  
his daughter, Bertha Adams; Doctor  
Higgins, Burton Smith; the attend-  
ant, Carroll Bever.

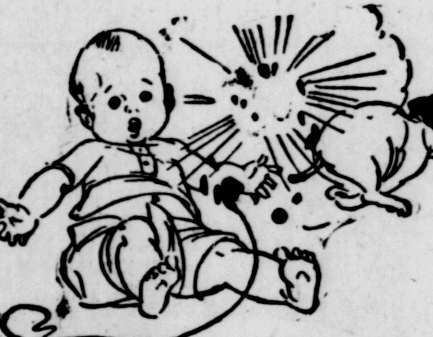

"Tamar", the third play on the  
bill, will be in the form of a bal-  
let. Although there will be dialogue  
and vocal music in it, it will in other  
ways follow the general form of  
a dance drama, such as the Russian

### PRAYER MEETINGS ARE CONTINUED THIS WEEK

Schedule Announced by First United  
Presbyterian Church, Which Is  
Preparing for Revival

TO BE HELD IN A FEW WEEKS

The prayer meetings which were held by the First United Presbyterian church last week, among the homes of the different members, will be held this week also. The meetings are preparatory to the revival services which will be held in that church, within the next few weeks.

The schedule for the meetings this week will be as follows: Tuesday night at the home of Mr. and Mrs. W. F. Taylor, 619 North Sexton street, and at the home of S. H. Trubue in West Seventh street, with Mrs. Harry Kramer as the leader.

On Wednesday evening the pastor will conduct the meeting at the home of Charles W. Wagoner, 340 East Eleventh street, and T. M. Green will have charge of the services at the home of Mrs. Evaline Cheek, 632 West Sixth street.

The regular prayer service for Thursday evening will be held at the church.

On Friday night the services will be held at the home of Robert Boren, 840 West Ninth street, and at the home of Harry Kramer, 612 North Harrison street, the leader being Mrs. J. T. Paxton.

### SEAT PLAT IS TO OPEN WEDNESDAY

Continued from Page One  
Ballet presented on their tour of America several years ago. It has been adapted by Raymond Gregg from an old Russian legend and poem by Lermontow (1814-1841). The original by Lermontow is known as "The Demon" and the operative version of the story with music by Rubenstein will be presented by the Russian Grand Opera Company at the Murat (Indianapolis) January 30.

The local adaptation of it takes only two small incidents from the main story and weaves it into a colorful ballet. The bizarre Russian costumes and scenery will produce a brilliant background for the dances and music. Miss Love Straton of Newcastle, who conducts dancing classes here every week, will stage the dances and her advanced pupils will be seen in the opening ballet. Miss Straton, herself very talented, will be seen as the solo dancer. Other characters are: Tamar, Charlotte Norris; The Slaves, William Behr and Fred Virtue; the attendants, Marian Kinsinger, Mary Elizabeth Beale, Virginia Sentman, Olive Logan, Frances Kirkpatrick and Judith Mauzy; Boyar, Raymond Gregg; The dancer, Love Straton; The Demon?

All the plays have been staged by the director. All the costumes and various effects have been designed and made at the workshop with the exception of the dyed work which has been executed by Miss Henrietta Coleman.

### PAINTINGS ARE ON EXHIBIT HERE

Continued from Page One  
decorative pattern and color harmony. "The Percolator" received first prize last fall at the Indiana state fair in still-life. It offers a daring organization of color between the percolator, the rich blue foreground and the almost bizarre flowered background. One of the most dramatic canvases of the exhibition is the "Rookwood Vase," a handsome combination of purple and golden yellow in their fullest intensity. There is a small poetic sketch called "Song of the Cypress" painted at Assisi, Italy, that shows a ready and sympathetic understanding for new subject matter for this is one of the first sketches made in Italy this past summer. Refreshing bits of landscape are to be found in "Down Along," "Afternoon Glow," "Miami Valley" and "Fisherman's Cottage" painted at Plogasnou, Brittany.

The public is cordially invited to the exhibition which opens this afternoon and will also be open this evening from 7:30 to 10. The D. A. R. rest room is connected with the library. The exhibition will continue through the week.

## AMUSEMENTS

### Wally Reid at Mystic

The thrilling shipwreck scene, the tortures of a secluded life as a castaway on an uncharted island, the return of the wayfarer to his home only to find his wife married to another form the basis of a most engrossing drama in "The Fatal Marriage", produced under the personal supervision of D. W. Griffith and founded on Lord Tennyson's immortal poem "Enoch Arden". It is the current attraction at the Mystic today and Tuesday.

Wallace Reid and Lillian Gish appear in the leading roles of this striking picturization of the age-old poem, which has been committed to memory by millions and millions of men and women and school children the country over. As Annie, the devoted wife, against whose wishes Enoch sailed off to sea and who, thinking him dead, married her old suitor Phillip, Miss Gish gives a performance as brilliant as it is appealing.

Mr. Reid as the suitor, Phillip, who marries Annie when she abandons hope of ever seeing her husband again, scores another triumph in the name of fine acting. As Enoch Walter Paget is all that could be desired.

Mr. Griffith has developed the drama of the shipwreck with his usual thoroughness. The struggles of the men in the water-filled cabin is big with thrills. As castaways on the island they endure all manner of difficulties. There is abundant optimism and happiness to counteract the effect of the more saddening scenes.

### "Four Horsemen"—Princess

Rudolph Valentino, the celebrated young dancer who has the leading male role in "The Four Horsemen of the Apocalypse," a Rex Ingram production for Metro, showing today and Tuesday at the Princess, found his way to fame and fortune through his nimble feet.

When you see Mr. Valentino in this screen adaptation of the world-famous novel of Vicente Blasco Ib-

anez by June Mathis and notice his finished acting, the sure swagger of the cafe scenes laid in the Argentine, the polish of his manner in interpreting the student and lover in Paris, it will be your unquestionable opinion that here is a man initiated in theatrical ways as a child.

But it was neither as a dancer nor an actor that Mr. Valentino hoped to take fortune by storm. It was in the more humble sphere as a prospective agriculturist that he came to the United States, at the age of eighteen, a graduate from the Royal Military College of Agriculture at Genoa, Italy. As he planned his future he would become one of the great land owners in this country of opportunity.

But things happened swiftly for him in New York. Soon he was busy teaching Broadway's regulars his graceful steps. He appeared at Reo's as a dancing partner of Bonnie Glass, following this engagement with one in the Winter Garden and a long term contract in vaudeville.

**What the Taxpayers Want**

Certain bills have been introduced in the legislature, which is now in session in Indianapolis, affecting the publication of legal and political advertisements in newspapers which are worthy the consideration of taxpayers of the state.

The bill that has caused the most concern is senate bill No. 77, by Senator Noble Hays, of Scottsburg, representing Jackson, Scott, and Washington counties, which repeals the laws approved February 28, 1903 and March 9, 1907, requiring publication of the annual reports on receipts and expenditures by township trustees.

This would make the business of the township absolutely secret as far as the man or woman who pays taxes in the township is concerned. The taxpayer would have no more conception of what the township's money was being used for than if he or she lived in London, England.

We are making no accusations against any township trustee, and we have none in mind when we make these statements, but they are presented merely to show the possibilities that might develop if the township's business were not given the fullest publicity.

It is a noteworthy fact, too, that the demand for the repeal of the laws requiring publication of trustees' reports come largely from the trustees. Why they should become suddenly so solicitously of the people's welfare that they want to save

a few dollars which the publication of a trustee's report costs, is more than many taxpayers who have given the matter some thought, can fathom. There are many opportunities during the term of a township trustee where he can save the taxpayers much more than the cost of publication of his report.

These laws as well as others requiring township, city and county financial statements to be published so that the taxpayers may know how their money is being spent, were passed years ago in response to a public demand. The people who pay the bills have a right to know exactly what is done with their taxes and it is natural that they should want an itemized report on the business transacted by their public officials.

County commissioners, the circuit court and school corporations are compelled by law to publish an itemized financial statement at given periods, and why should the township trustee be exempted from this particular law? That no one has been able to explain. Taxpayers of a township read a trustee's report with greater avidity than they do the county commissioners' financial statement, because it comes closer home and deals with transactions in which they are intimately interested.

Another bill that is before the legislature is House Bill No. 135, introduced by Rep. G. Remy Bierly of Elizabethtown, representing Crawford and Harrison counties, which requires "newspaper publishers who print any notices or advertisements of the candidacy of any person for a public office, or any articles or editorials of a political nature or describing or commenting on the issues involved in any political campaigns, shall print or publish any article, notice or advertisement submitted and signed by any candidate for public office or by any political committee, making payment of the cost of publication thereof in advance."

There is nothing particularly harmful about this section of the bill except that it seeks to regulate what newspapers shall publish, which is just the same as if the legislature would attempt to restrict the sale of a certain kind of calico in a dry goods store. Newspapers, although semi-public in their make-up, are privately owned and have to yield a profit to the owners else they fail, and the owners therefore have the right to determine what shall appear in the columns of their paper.

This manifestly is an effort to compel some newspapers to publish advertisements of political candidates not in agreement with the political policy of the newspaper. This question has never risen here because the columns of the Daily Republican have always been open to political advertisements of all parties, so long as the contents of the advertisements are inoffensive and do not insult the intelligence of Daily Republican readers.

This bill also provides that the charge must be uniform and that failure to comply with the provisions of the bill would be punishable by a fine of \$50 to \$500, to which may be added sixty days in jail.

This is another regulatory measure that should not be in effect, because to fix the rate which should be charged for all political advertisements would be discriminative, inasmuch as the rates for display advertisements, such as candidates for office use, are based on circulation. If the charge were fixed at the figure which the newspaper with the largest circulation would collect, it would be unfair to the advertiser, who would be paying an exorbitant rate in the smaller newspaper, and if the charge were fixed on the basis of the rate of the smaller newspaper, it would be unfair to the newspaper with the larger circulation, which would not be paid enough for the service it would be performing.

**Quick Relief from Coughs and Colds**

It Is Exceedingly Dangerous To Let Coughs and Colds Develop. Easy To Check Them.

This time tested and reliable home-made remedy will bring quick relief from hoarseness, coughs and colds. It is pure, wholesome, perfectly harmless and amazingly effective.

Take 1 1/2 lbs. sugar, 1 1/2 pints of water, a large stick of licorice and boil until sugar and licorice are dissolved; then add three tablespoonsful of Porter's Pain King. This makes one quart of cough syrup and it can be taken a teaspoonful at a time at short intervals until the cough is conquered.

There are other ways of using Porter's Pain King for whooping cough, asthma, croup, sore throat and tonsillitis. Full directions accompany every bottle of Porter's Pain King, sold by druggists everywhere. Satisfaction or money back.

If Americans spent \$700,000,000 in foreign capitals during 1922, it looks like at least the interest on the United States debt ought to be paid.

Day by day, in every way, it's getting harder and harder to tell who is and who isn't.

With the Ruhr miners striking, the French invaders will get an idea of what living in the United States is like.

A proposal has been made in Ohio that capital punishment be abolished, but this is quite unnecessary as juries attend to that.

**Sons Hold Vigil at Home of Father Who Was Threatened**

Hope, Ind., Jan. 22—In the dead of the night when sick people die and ghosts are supposed to stalk in graveyards, the three sons of the Rev. Isaac Carey, 78, "the fighting pastor of the Holiness church" pace their weary beats, guns slung over their shoulders.

A letter was received by the aged minister warning that if he did not leave Hope he would be hanged at the Central school building in Hawcreek township.

The three sons came down from Farnkfort and took up the vigil to protect their father who recently was removed from the pastorate by the church conference in Cincinnati and continued from the pastorate by the church conference in Cincinnati and continued holding services in the church because he held the key. No one else was permitted to hold the pulpit.

One faction in the congregation which supported the Rev. Carey in his fight have joined the sons and have armed themselves "in the name of righteousness."

The other faction was discreetly silent.

Meanwhile the sons and friends of the minister are searching for the author of the anonymous letter and stand guard in different shifts.

**OKLAHOMA MAY PASS NEW SOLDIER BONUS**

Jack Walton, Governor-Elect Backed By Farmers and Soldiers, in Favor of Compensation

**SEEK LEGISLATIVE ACTION**

Oklahoma City, Jan. 22—In spite of the fact that Oklahoma's \$50,000,000 state bonus measure was defeated at the recent general election, prospects for some kind of a state compensation measure are good, according to bonus advocates.

Jack Walton governor-elect, backed by farmers, labor and soldier organizations, is in favor of a compensation measure and has promised passage of such during his term as governor.

Walton leaders in the new legislature which meets the second week in January, are working on a new bonus measure which will be submitted to the legislative body, it was announced.

Vote in the general election on the bonus measure showed a majority of state voters to be in favor of a compensation measure, but was not large enough to be a majority of all the votes cast, as required.

The new measure, now being drafted, will be more favorable than the one voted on, as it will require a smaller state appropriation and expenditure, administration leaders said.

The first measure provided payment of \$50 per month's war service to soldiers enlisting from Oklahoma, which would have required an appropriation of \$50,000,000. The new measure will call for a state expenditure of \$30,000,000, it was said.

**INDIANA TO GET PARK CONFERENCE**

National Conference of State Parks Will be Held at Turkey Run in Parke County in May

**35 STATES REPRESENTED**

State Parks in Indiana are Self Supporting and Provide Primitive Recreation Centers

Indianapolis, Ind., Jan. 22—Indiana's state park movement which has resulted so far in the establishment of four recreational centers, is to be highly honored in early May this year when the National Conference of State Parks will be held at Turkey Run reservation in northern Parke county.

This announcement was made upon receipt of a telegram from John Barton Payne of Washington, D. C. stating that the executive board of the National State Park Association had acted favorably on an invitation of the Indiana Conservation Commission, to hold the annual conference in Indiana.

There are about thirty-five states represented in the National Association of State Parks and among the leaders of the movement to establish state parks in all commonwealths for the preservation and continuation of primitive America, are such men as Stephen T. Mather, Director of National Parks; Gifford Pinchot, a nationally known conservationist and recently elected Governor of Pennsylvania, and Mr. Payne, who in addition to his work toward the conservation of natural resources, is the president of the American Red Cross Society. These men and many others are expected at the third annual meeting at Turkey Run in May, exact date of which will be later determined.

Last year the association met at the Palisades on the Hudson, New York, and the year previous the meeting was held at Des Moines, Iowa. Many of the states with scenic grandeur are establishing state parks to attract the tourist business, seeing in this trade an untold stream of gold. Others are principally moved to preserve some of the early wealth of the state and hold intact so far as possible a remnant of the virgin timber.

State Parks in Indiana, although movement is still young, are becoming self supporting and prove beyond doubt that in addition to providing primitive recreational centers away from the heat and dust of the cities and towns, can also be made to return a considerable source of income for the state. Turkey Run alone last year earned in excess of \$10,500 and each year sees the attendance increasing. More than 58,000 people paid admission to this park during the fiscal year of 1922.

**MOTHER! MOVE CHILD'S BOWELS**

"California Fig Syrup" is Child's Best Laxative

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little stomach is upset, tongue coated, or if your child is cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today gives a sick child tomorrow. Dempsey to Defend Title in 1923

By HENRY L. FARREL  
(United Press Sports Editor)

New York, Jan. 22.—Jack Dempsey beyond all doubt will fight someone, someplace, sometime, this year. The heavyweight champion may not be in need of coin, as he has been doing stage work at a fat weekly stipend, but it is a cinch he does need work if he is to retain his form.

Had he not been tied up with a vaudeville contract, it is probable that Dempsey would have engaged in some kind of an engagement last year. He tried to worm out of the stage work, but when a law suit was threatened he went through with it and it took until Christmas to finish it.

Finding opponents for a heavyweight championship bout is not as difficult as finding the money to pay the champ for his end. Jack Kearns has an idea that Dempsey as one end of any kind of a bout is worth at least \$100,000. He may be right, but the promoters can't find a place big enough for that kind of an indoor show.

If Dempsey wants to fight this year, he probably can have his pick of Harry Wills, Luis Firpo, Tommy Gibbons, Georges Carpentier, Joe Beckett or Floyd Johnson.

Wills probably will be sidetracked, as most of the promoters big enough to pull off such a show are afraid of the color issue that would be sure to be drawn into it.

Firpo is being built up by Tex Rickard for a crack at the title and if the South American giant continues to show an improvement, the bout may be staged in South America, where Firpo is a national idol.

Top prices of \$75 were charged for the bout sometime ago between Firpo and Jim Tracey, the worn out former Australian champion, and if the South Americans are that keen about boxing they would pay more to see their hero take a crack at the champion.

Despite the fact that Tommy Gibbons is one of the best heavyweights in the class, the St. Paul boy has been unable to get a bout with Dempsey.

Gibbons did not bother Dempsey with challenges until he felt that he had developed to the point where he would give the champion a good fight.

Several challenges to Dempsey brought no response and several offers made by promoters were also unanswered.

Gibbons, of course, is somewhat smaller than Dempsey, but size is no great factor in the heavyweight class, as Dempsey proved against Willard.

If any of the contenders for the title has a real chance to beat Dempsey, it is Gibbons. He is fast on his feet, he can box, he has had experience and he can hit with either hand. He is a great infighter and he is as good at close quarters as Dempsey.

Gibbons wants a fight with Dempsey next summer and he ought to get it. He is popular around New York and there is no doubt that it would be a good card for any promoter.

Dempsey has said many times that he will go to Europe for another visit if the American promoters do not get busy and get him some work.

Another journey to the other side could mean only that Dempsey was going over there to get work and Carpentier and Beckett are the only eligibles on the other side.

Dempsey vs Beckett sounds like a ridiculous attraction on this side, but the British take their Joe seriously and many of them would pay good money just to see Dempsey in action.

Had it not been for Battling Siki, the Dempsey-Carpentier No. 2 act would be on now, but that unlooked for knockout reduced the drawing power of the Frenchman, but the bout may be staged, nevertheless.

Hittin' 'Em  
and  
Missin' 'Em

WE'RE GONNA TO SHOOT SEVEN

Five in a row all at home, come next on the card for the Rushville high school. Then the last two games are away from home. The seven teams which will be met, are Shelbyville, Elwood, Newcastle, Cathedral and Terre Haute, all here and then Anderson and Elwood away from home.

AND A TOURNEY ALSO

In between those games, there is a county tourney scheduled here, with eight Rush county teams listed to take part, on February 3. Plenty of basketball in the next six weeks will be furnished the local fans.

HERE'S PLENTY OF DOPE FROM MOSCOW—FIGURE IT OUT!

Dear Hittin' 'em—Just wondered why you didn't figure us in that quartette—Milroy, Rushville, Carthage and Manilla. By dope we've got some of them beat and at least are on a par with the rest—and on top of that the captain of our team has been sick for two months and when we played Carthage with two regulars out of the game, we beat them 17 to 9 the first half and it was only with a terrible spurt and three substitutions at the last two minutes that they beat us 24 to 22. Again, look at this—at Arlington, with three men out, Moscow 41; Arlington 17; Arlington beat Webb 1 point; Webb 31 and Manilla 15. Then again, our first game of the season to Greensburg's fifth, we missed 12 free throws and lost 16 to 10. Rushville beat them three points when both teams were in the midst of their season and Greensburg beat Milroy 5 points. Then review the first half of the Raleigh-Moscow game, 21 to 2 in Moscow's favor and final count 27 to 9, and the first half of the Raleigh-Milroy game, 13 to 11 in favor of Raleigh and final result of Milroy 30 to Raleigh 18 (a whirlwind); next, first half Arlington-Milroy game, Arlington 15, Milroy 13, and also Moscow 23 and Arlington 6, in the first half. How is that for dope with a crippled team?—A fan from Moscow.

OUR HEAD SPINS LIKE A TOP

Well Moscow, after you have it all figured up, and after our head has stopped going around from following you step by step, we believe that you are entitled to a place in that quartet, but Hittin' 'em still maintains that the county tourney will be anyone's game, and that we hope that none of the captains or best players will be off of any team, so that all will have an equal chance, and no alibis to offer after the big event.

'Nother thing, Moscow, you mustn't classify your dope too much by scores at the end of the first half. It is the last half which wins the game.

MAKE 'EM KEEP TRAINING RULES, JOHN

The coaches of high schools in Rush county, all of 'em weighing 200 pounds or more, organized a basketball team Saturday afternoon. The five who will play are Means of Moscow, captain; Beasley of Milroy, McPherron of Raleigh, Jones of Rushville and Schell of Carthage. John Geraghty, coach of the Webb school, was elected coach of the county team. B. D. Farthing, county superintendent of school, will act as booking manager.

BUT SOME TEAMS IN COUNTY ARE HITTING 'EM

Hittin' 'em and Missin' 'em:—'Would suggest that you call your sporting item only, 'Missin' 'em'. It sounds much more appropriate,' writes B. M. H., who also concluded with, 'Day by day, in every way, we're hoping our team gets better and better.'

THE LEAST OF OUR WORRIES

Shootin' 'em and Stoppin' 'em in the News, in a glaring headline asks, 'Is Rushville Afraid of Milroy?' No Shootin' 'em, Rushville isn't afraid of Milroy—just afraid of four or five other teams here in the county.

YOU OUGHT TO PLAY 15 MINUTE HALVES

The other night Hittin' 'em, in a most friendly manner, stated that Newcastle expected to wallop Richmond, which they almost did, and in answer to our remarks, 'Markin' up

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1893, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looker. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peppy, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

### MOSCOW HUMBLING NEWPOINT

Defeats 'Scrappy' Decatur County Team by Score of 22 to 13

Moscow high school basketball team won out over one of the scrappiest little teams Decatur county ever turned out. Friday night, defeating Newpoint, 22 to 13. The game was a battle from start to finish and although Moscow's careful shooting enabled them to keep a slight advantage, yet the game was in doubt until the last five minutes. The defense of both teams was good and hard to penetrate. The first half ended with Moscow 14 and Newpoint 7, after Newpoint had got off to a fast start.

The Moscow team halted Newpoint's chances to make it their eleventh straight, and the game was the 13th played this season by Moscow.

### SPICELAND SWAMPS MILROY

Defeats Rush County Team, Handicapped by Illness of Players

Spiceland overwhelmed Milroy Saturday night at Spiceland, by the score of 40 to 23, in a game of basketball played between the two high school teams. The Academy team got an early start and had the advantage of Milroy at all times.

Milroy was still handicapped on account of some of their best players being out of the game on account of bad colds.

### WINTER FISH STORIES

North Webster, Ind., Jan. 20.—Hundreds of fish are being caught daily through the ice on Webster lake and other lakes nearby. GOOD ATTENDANCE RECORD

Logansport, Ind. Jan. 20.—Twenty two pupils of the country schools of Cass county last month had a perfect attendance. The average attendance of all schools in the county was 96.22 per cent, which is indicative of the fact that there was little sickness among the pupils. The school of Ralph Stewart in Jefferson township where there are 22 pupils maintained a perfect attendance record for three months.

### HOLDING JOB WAS PROBLEM TO HIM

Rheumatic Pains and Indigestion Overcome by Tanlac. Work is Now Easy, Says Bistline

"Anybody looking for a real tonic ought to get Tanlac," declared George W. Bistline, 439 Hickory St., Hammond, Ind., assistant foreman at the American Car Corporation plant at East Chicago, Ind.

"I used to think the road was mighty rocky, but since taking Tanlac I have the vigor that spells success. Terrible headaches, nervous spells, a racking pain in my back and indigestion that nearly doubled me up made me think I had a slim chance. My appetite left me, gas bloated me up so I could hardly breathe when I did manage to eat a little, and loss of sleep had me so run-down and worn out it looked like I couldn't hold up on the job.

"But now my neighbors tell me I look fine and I say I feel the same. My stomach trouble is all gone. I haven't an ache or pain and have gained weight. Tanlac deserves all the praise it is getting."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

### ROUND-UP OF GARY LIQUOR RING LEADERS

Mayor R. O. Johnson is Among the First Arrested on Federal Grand Jury Indictment

#### 75 WARRANTS ARE ISSUED

(By United Press)  
Gary, Ind., Jan. 22—A round up of alleged leaders in the gigantic Gary liquor ring, started today. Three deputy United States marshals served seventy five warrants charging political and social residents with a conspiracy to defeat the state and federal prohibition laws.

Mayor R. O. Johnson was among the first arrested. He was released on bond.

The warrants were sworn out as a result of a grand jury investigation into the conditions at Gary, held in Indianapolis last week.

Many police characters and bootleggers were included in the indictments. Among those who have already been arrested and placed under bond are Louis Barnes, former sheriff and now president of the Gary Board of Works, L. H. Olds, sheriff, and Peter Herson, Gary constable.

## MILLION SPENT TO AID ADVERTISING

Agencies Interested in Advertising Invest More Than Million Each Year

### PLANS WELL ORGANIZED

Certain Amount is Used to Expose Fraudulent Schemes and Other Amount for Educating People

New York, Jan. 22—That publishers, advertisers, advertising agencies and others interested in advertising are now investing more than \$1,000,000 a year through various associations for the improvement of advertising, develops from a bulletin issued by the Associated Advertising Clubs, reviewing the work of 1922.

More than \$500,000 a year is being employed in the nation-wide movement to prevent the abuse of advertising through the publication of false or misleading statements, the bulletin shows. Of this, approximately \$100,000 is used by the National Vigilance Committee of the Associated Advertising Clubs, with headquarters here while forty local better business bureaus, supported by business men in as many cities in the United States, have annual budgets exceeding \$10,000 each. The budgets of the bureaus in some of the larger cities are around \$50,000 a year, while that in New York City is 100,000.

In addition, are the educational and legislative work, as well as cer-

tain movements towards standardization, conducted by the Associated Advertising Clubs and by the various national associations, representing newspapers, magazines, advertisers, agencies, and others whose work is linked with that of the Associated Advertising Clubs, the entire effort being co-ordinated through the National Advertising Commission, in the membership of which each of these national bodies is represented by three delegates.

There are now laws against untruthful advertising in thirty-six States of the United States, as well as numerous provinces and cities in other countries, and the advertising club movement is being extended rapidly into other parts of the world. The report shows, for example, that there is a well-organized association of advertising clubs in Australia and New Zealand, which holds annual conventions with splendid educational exhibits, and which is functioning much as do such organizations in this country.

The report shows that the advertising association is working closely with the leading colleges and universities of the United States that offer courses in advertising. Teachers of advertising have been organized into the National Association of Teachers of Advertising, and Prof. N. W. Barnes, of the University of Chicago, president of the teacher's association, is a member of the educational committee of the association.

The Associated Advertising Clubs finished 1922 with a total membership of 25,000 embracing 250 advertising clubs, and had \$100,000 revenue last year from sustaining members.

**PLAN FOR RECORD CLASS**

Every Section Of Indianapolis Valley  
 Including Many Counties, Urged  
 To Be Represented

(Special to the Daily Republican.)

Indianapolis, Ind., Jan. 22—How many persons in Indiana who think they are well up on "jogafy" know there is a "Valley of Indianapolis" and just where and what such "valley" is? This is a query put forth by Leslie D. Clancy of this city, who happens to be "master" of this valley.

Mr. Clancy hastens to explain, lest readers be to greatly mystified or begin to fear that they didn't learn all there was to be learned when they studied their big, wide geographies of the Hoosier State.

"The Valley of Indianapolis is a Masonic term applicable to Scottish Rite Masonry," Mr. Clancy says. "Therefore it is not defined as such has geographical bounds. Even many of the Scottish Rite do not know these bounds and fail to realize the real scope of the Valley of Indianapolis."

"It will be of interest to know that the northern boundary of this Valley is made up of the following counties: Newton, Jasper, Palaski, Cass, Howard Grant, Delaware and Randolph. The southern boundary is composed of Sullivan, Green, Martin, Orange, Harrison, Floyd, Clark, Jefferson and Switzerland counties. The east and west boundaries are the Indiana state lines in each case. This territory thus embraces fifty-eight counties throughout the great center of Hoosierdom and this comprises the Scottish Rite Jurisdiction of the Valley of Indianapolis."

"We are preparing for a great convocation to be held the week of Monday, March 19th and every member of our Valley has been given petitions to be "served" on his Master Mason friends. We hope to make this spring class a record-breaker and are foregoing the usual city class in favor of one great class to come from the entire fifty-eight counties, all to receive the degrees within the convocation session in March."

It is pointed out that a reunion of all present members of the Rite will be held at the same time as the initiatory ceremonies and that an important feature will be the official banquet to the members of the Council of Deliberation, the legislative body of the Rite. While it is true we have a large membership, we are small compared to the territory we have to cover and we hope for larger representation in every section of our Valley," Mr. Clancy states.

Harbor Plan Commission Announc-  
 es all Property Around Basin Has  
 Been Obtained by Chicago

**IN CALUMET DISTRICT**

Chicago, Jan. 22—Nearly fourteen miles of dock and industrial sites will be added to Chicago harbor facilities by the construction of the new Lake Calumet harbor basin, work on which will be started within a few weeks.

The harbor plan commission has announced that practically all of the property in and around the basin has been obtained by the city. Secretary of the Navy of War Weeks gave his approval to the project several weeks ago.

The basin will have an inundate area of 2,144 acres and 1,451 acres bordering the basin will be held by the city for docking and factory sites.

From the basin a wide channel will be run to the Calumet river, which offers an outlet to Lake Michigan. The harbor and channel will be dredged to a depth of 21 feet and the excavated material used in filling in the surrounding land.

Lake Calumet is situated within a short distance of the new site for the proposed \$6,000,000 Ford automobile factory. Efforts to turn the lake into a harbor have extended over many years.

It is believed the entire project can be completed in six years.

## M'BRIDE WAS RECOMMENDED

Error in Composition Due to Misstatement Made Saturday

A story printed in the Daily Republican Saturday regarding the appointment of Charles F. Harter of Mays as trustee of Center township to succeed the late Charles W. Griffin, was incorrect in stating that Harvey M. Newhouse was recommended by several democrats.

The error was made in composition and a whole paragraph was omitted from the story as originally written. The third paragraph of the story started with "Harvey M. Newhouse" and the fourth with "Charles M. McBride". The name "Harvey M. Newhouse" was set into type and then the linotype operator skipped the remainder of the paragraph and took up the story immediately following "Charles M. McBride". This caused the misstatement. The story should have read that Mr. Newhouse, a republican, who was defeated by Mr. Griffin by only 11 votes, did not seek the appointment, and that Mr. McBride was recommended by democrats.

## A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. John Heany of 616 W. 3rd St., Rushville, endorsed Doan's many years ago and again confirms the story. Could you ask for more convincing testimony?

"I had trouble with my kidneys and the secretions passed too frequently and I had to get up several times during the night," said Mr. Heany. "It was painful to pass the secretions which were highly colored and contained sediment. My back was weak and lame. I got a box of Doan's Kidney Pills at Johnson & Co.'s Drug Store and they relieved me." (Statement given August 25, 1915).

On November 4, 1920, Mr. Heany added: "I still have the same high opinion of Doan's Kidney Pills. I use them occasionally and always get the same results."

By BILLY WINNER

If I Could Make Candles—

FANCY candles — hand-made — are in demand by particular people with nicely furnished homes. Therefore, I would make candles to order, candles to match the color scheme and decorative plan of the room.

I could market my candles direct to the home or through gift shops.

I would advertise them — tell people why my candles were better than the ordinary. The quickest and most economical way of doing this would be with Daily Republican Want Ads.

Not Many of Gov. McCray's Recommendations Have Received Favorable Action in Legislature

## SESSION ONE THIRD GONE

Many Important Measures Are Still in Committees Ready to be Given to Law Makers for Vote

Indianapolis, Ind., Jan. 22—One third of the seventy-third general assembly gone today saw few of Governor McCray's recommendations pending before the legislature and a majority of them still in the process of being put into the form of bills.

Apparently the governor and his supporters were waiting until members of the legislature disposed of the multitude of "pet measures" which every legislature considers before presenting the administration proposals in order to assure concentrated attention.

Bi-ennial appropriations for state institutions and governmental departments based on recommendations of the budget committee were still to come before the law makers. Because of the narrow G. O. P. majority of 52 to 48 in the house of representatives, some republican leaders were virtually resigned to accepting a compromise on some of the provisions in the bill.

One of these features is expected to be in appropriations for completing the new reformatory at Pendleton. Governor McCray asked \$2,000,000 The republican majority was silent on the project and the democratic minority recommended \$750,000. By the legislative junket to the reformatory site last Friday, the governor hoped to overcome some of the objection.

The bill to centralize school administration in a county board and dehorn the township trustees in this respect is still awaiting final action by both houses. Other recommendations of the governor still before the assembly would amend the absent voter law to prevent its abuse, reduce membership of the industrial board from five to three and amend the constitution to permit a majority of votes cast on any constitutional change sufficient to carry it. The present provision is that a majority of all the votes cast in the election is necessary.

The majority of executive recommendations still to be introduced follows:

A tax on gasoline and increased motor vehicle registration fees, the proceeds to go into highway funds. An amendment to the constitution convening the legislature in the second and fourth years of a governor's administration rather than in the first and third.

A law empowering the tax board to review assessments and reassess any property.

A law empowering the tax board to order horizontal increases or decreases in property valuations within counties.

A more definite law regarding tax board control over bond issues.

A law combining all state funds into two funds—the general and tuition.

A law penalizing public officials who fail to make public a budget.

Combining the offices of clerk and reporter of supreme court.

A law making the board of agriculture a state department.

## CONTRIBUTES TO MEMORIAL

Sen. J. E. Watson Wishes Movement to Honor Dr. Laughlin Success

Mrs. Margaret English, who is chairman of the committee on the Dr. Laughlin Memorial fund, received a very substantial donation for the fund from Senator James E. Watson of Washington D. C., of this city.

Mr. Watson also wrote a very interesting letter, in which he wished the Memorial would be a success.

The Memorial will be established in Rushville to commemorate the life of Dr. William B. Laughlin, who is recognized as the first and foremost citizen of Rush county.

## JAIL SENTENCE IS MADE COMPULSORY

Bill Passed by Senate Provides Pen-  
alty of Thirty Days for Boot-  
leggers First Offense

NO SUSPENSION PERMITTED

Penalty for Second Offense is One  
to Two Years Imprisonment and  
Fine of \$1,000

(By United Press)

Indianapolis, Ind., Jan. 22—Try-  
ing to wipe out the ninth life of  
John Barleycorn, the state senate to-  
day passed a bill which makes a  
thirty day jail sentence compulsory  
for bootleggers on first offense.

Under this bill the judge would not  
be permitted to suspend sentences  
for violation. For second offense the  
bill provides a penalty of one to  
two years imprisonment and a fine  
of \$1,000. The measure must still be  
approved by the house of representa-  
tives and signed by Governor Mc-  
Cray before it becomes a law.

Senator Dunn of Spencer, author  
of the bill, lead the fight for its pas-  
sage. Senator Van Orman of Evans-  
ville and Senator Batt of Terre  
Haute spoke against the measure as  
a blow "at personal liberty" and as  
"a slap at the judiciary."

Senator Hartzell of Fort Wayne  
and Senator Buchanan of Indiana-  
polis also spoke for the measure.

A bill backed by women voters  
which would not require the voter  
that registered to state their exact  
age was passed, 27 to 15. It now  
goes to the house.

School teachers would have to be  
naturalized in a bill which passed  
the senate with a vote of 36 to 3.  
The measure was introduced by Sen-  
ator Miller of Indianapolis and now  
goes to the house.

A bill introduced by Senator Dunn  
of Spencer, which would repeal the  
law enacted in 1921 requiring 80  
percent of the resident property  
holders to kill a street paving resolu-  
tion by remonstrance, was passed.  
The bill would only require a major-  
ity of property holders to remon-  
strate.

The house was not in session this  
morning but convened at two o'clock  
this afternoon and the senate also  
convened at that time.

## CONCESSIONS MADE TO GERMAN STRIKERS

State Mine Director is Released at  
Essen and Troops are Withdrawn  
From State Mines

NEW MEASURES DECIDED ON

(By United Press)

Paris, Jan. 22—Marshal Foch and  
the French cabinet today decided  
upon new measures "of a military  
and economic nature" to meet the  
strike of German miners and rail-  
road workers in the Ruhr.

At the same time, the French com-  
mander at Essen released Herr Ah-  
rens, state mine director, whose re-  
turn was hailed tumultuously by  
striking miners; troops were with-  
drawn from the vicinity of the state  
mines, and from the Reichsbank at  
Essen; and the French pledged  
themselves to maintain only a small  
watch at railroad stations, this con-  
cession causing German railroad  
workers at South Dortmund to re-  
turn to work.

These preliminary concessions  
were not considered indicative of the  
French attitude in general, however,  
and it is understood severe measures  
are planned.

### UNDERGOES OPERATION

Mrs. Harvey Willey, living in Or-  
ange township, this county, under-  
went an operation at the Dr. Sexton  
hospital in this city Sunday. She is  
reported to be doing as well as could  
be expected.

## FIVE MINOR LAW SUITS ARE FILED

Two Complaints on Notes, Two on  
Accounts and One Asks Partition  
of Real Estates

JURY IS NOT USED TODAY

Ordered to Report But Case Set for  
Trial is Continued—Arguments  
in Farm Lease Case

Five minor law suits have been  
placed on file in the circuit court,  
two of them being on accounts, two  
on notes and one for partition of  
real estate.

The jury was called for service  
today, but the case set for trial was  
continued Sunday, and the jurors  
were notified yesterday not to report  
today.

Court for a while this morning  
was occupied with arguments in the  
case of Wilson against Cain, a suit  
to reform a farm lease, which was  
heard last week in court, excepting  
the arguments, which were heard  
this morning. No decision was ren-  
dered in the matter.

The suit for partition of real es-  
tate, filed today, was by Lola P.  
Nordloh, et al., against Ethel and  
Fred Posey, the complaint asking the  
court to appoint a commissioner,  
and order land sold, because it can-  
not be divided satisfactorily among  
the heirs of Mrs. W. A. Posey.

Fred A. Caldwell is plaintiff in  
two suits, one being on an account  
against William Emsweller, with the  
demand for \$150 judgment and the  
other against Thomas H. Stout, a  
complaint on a note.

Lincoln Guffin is plaintiff in a suit  
filed against James Ellis Culbertson,  
the complaint being on an account  
for merchandise, and with the  
amount placed at \$325.

The same defendant is also sued  
in another complaint filed by Harvey  
M. Cowing, the complaint being on a  
note, demanding judgment for \$260.

## INJURIES SUSTAINED IN FALL PROVE FATAL

Mrs. Sarah A. Bartlett in Her 91st  
Year, Expires at Home of Her  
Daughter, Mrs. W. D. Root

FUNERAL TUESDAY, 2 P. M.

Mrs. Sarah A. Bartlett, who would  
have been ninety-one years of age  
next month, expired at the home of  
her daughter, Mrs. W. D. Root, 421  
North Perkins street, Sunday. The  
cause of her death was the result of  
a fractured hip she sustained in a  
fall at her daughter's home a few  
weeks ago, and on account of her  
advanced age the accident proved fatal.

Mrs. Bartlett was well known in  
this city and also in Milroy where  
she had lived practically all her life.  
The survivors are the daughter at  
whose home she died, and another  
daughter, Mrs. L. B. Miller, also re-  
siding in this city.

The funeral services will be con-  
ducted Tuesday afternoon at two  
o'clock at Mrs. Root's residence, and  
burial will take place in the Milroy  
cemetery. The Rev. H. W. Hargett,  
pastor of the St. Paul's Methodist  
Episcopal church of this city, will  
have charge of the funeral services,  
assisted by the Rev. R. R. Cross, of  
the Methodist church of Milroy.

## LARGE AUDIENCES HEAR TWO SERMONS

The Rev. E. Richard Edwards Speaks  
on "Reaching The Goal; What It  
Costs," at Morning Service

THREE ADDITIONS TO CHURCH

Evangelist at Christian Church Says  
We Must Travel King's Highway  
in "Good Roads" Sermon

Two unusually large audiences as-  
sembled at the Main Street Christian  
church both morning and evening to  
hear the Rev. E. Richard Edwards.  
The auditorium was filled at both  
services and overflowed into the  
Sunday school auditorium. At the  
morning hour he spoke on "Reaching  
the Ideal; What it costs?"

"If you know what you want and  
are willing to pay the price, you can  
have it. You cannot steal success,  
dodge payment. You cannot shoplift  
from life's counter," the Rev. Mr.  
Edwards said.

At night he spoke on "Life And  
the Problem of Good Roads". In this  
sermon the speaker presented the  
parallel lessons of good roads and the  
"way to heaven," declaring that  
Christ is the way, the truth and life  
—the only way that leads to the  
throne of God.

"If we would reach heaven," he  
continued, "we must travel the  
King's Highway of Holiness. The  
way of salvation like the good roads  
of life has been built at a tremen-  
dous cost—the blood and sacrifice of  
Christ."

He gave a graphic description of  
the "Songs of the road," contrasting  
the ribald songs and "jazz" of the  
broad road to the sweet and spiritual  
songs on the "Jesus way."

"The Bible is the Guide Book and  
Faith, Repentance, Confession,  
Obedience and godly living are the  
Guide Boards that mark the way we  
should travel," the speaker said.

Mrs. Charles Offutt sang at the  
morning hour and P. W. Oren at the  
evening service. At the night service  
O. E. Collins of Logansport, leader  
of the American Legion Band of that  
city, a professional cornetist, and  
evangelistic singer and musical di-  
rector, rendered a coronet solo.

The subject of the Rev. Mr. Ed-  
wards' sermon this evening will be  
"Rummaging Through the Soul".  
Mrs. Carl Beher will sing.

There were three additions to the  
church Sunday.

## PATRONS ARE URGED NOT TO BE IMPATIENT

Checks For War Savings Stamps  
Will be Mailed Just as Soon as  
Received Here

CONGESTION IN CHICAGO

A statement issued at the post-  
office today urged all owners of War  
Savings Stamps not to be impatient  
because the delay in mailing checks  
for the Stamps could not be avoided,  
due to the congestion at the federal  
reserve district bank in Chicago,  
through which all Stamps must pass  
before payment is made.

According to word received at the  
Rushville office, War Savings Stamps  
are arriving at the federal reserve  
bank at the rate of a ton a day, and  
even though many extra clerks have  
been employed, the congestion could  
not be avoided.

A few of the Stamps presented at  
the Rushville postoffice were paid out  
of a surplus in December receipts  
which the office had, but this could  
be done only in a limited number of  
cases where the person owned a  
small quantity of Stamps.

## PAINTINGS ARE ON EXHIBIT HERE

Twenty-two Canvases of Randolph  
LaSalle Coats Being Shown in  
D. A. R. Rest Room

INCLUDES HIS BEST WORK

Public Invited to Exhibition to be  
Held all Week in Court House  
Adjoining Library

An informal opening of an exhi-  
bition of paintings by Randolph La-  
Salle Coats will be held this after-  
noon and evening in the D. A. R.  
rest room at the court house. Mr.  
Coats who has just returned from a  
season's painting and travel in Eu-  
rope, comes to Rushville with an ex-  
hibition of his work for the first  
time. He has recently closed a suc-  
cessful exhibition at the Claypool  
hotel in Indianapolis, and this month  
at the invitation of the Richmond  
Art Association, is showing 20 can-  
vases as a special feature of the 26th  
Annual Exhibition of Indiana Ar-  
tists in the Richmond galleries.

Mr. Coats began his art career as  
a student of the Herron Art Insti-  
tute under Wm. Forsyth, later at-  
tending the Cincinnati Academy of  
Fine Arts as a scholarship student  
and for the past four years has  
been a member of the faculty of the  
Cincinnati Art Academy. As a Hoos-  
ier he is a regular exhibitor in the  
Indiana annual exhibitions at In-  
dianapolis and traveling exhibitions  
throughout the state, as well as con-  
tributing to American exhibitions in  
the East. The Foulke Richmond Prize  
was awarded Mr. Coats in 1917 and  
the M. T. B. Foulke Purchase Fund  
Award in 1921. The same year the  
Indianapolis Art Association "Pur-  
chase Prize was given his canvas  
depicting the Cincinnati hillside ten-  
ements. First prize in figure painting  
was given him at the Indiana state  
fair two years and he also received  
first in still-life two successive years.  
Mr. Coats is represented in the  
Richmond Art Gallery by "Lionid  
Gold"; Herron Art Institute by "Ri-  
verview Row" and by four large  
murals in the Youree Hotel Shreve-  
port, depicting the oil industry.

The exhibition shown in the D. A.  
R. room offers 22 canvases, includ-  
ing some of the best work from Mr.  
Coats' brush, among the most im-  
portant of which is "Portuguese  
Villa" one of only four canvases to  
be left from a summer's work two  
years ago at Provincetown, Mass.  
This canvases has the distinction of  
having been accepted by almost a  
dozen juries for American exhibi-  
tions, as well as passing the interna-  
tional jury at Pittsburgh for the an-  
nual exhibition at Carnegie Institute.  
The picture is distinguished for its  
movement of line, fine feeling for

## MOTHER OF MRS. R. A. INNIS DIES IN TEXAS

Mrs. Orma L. Archer Expires Sun-  
day at the Home of Her Daugh-  
ter, Mrs. Fred Koons

WELL KNOWN IN THIS CITY

Word was received here this morn-  
ing of the death of Mrs. Orma L.  
Archer, which occurred Sunday at  
the home of her daughter, Mrs.  
Fred Koons, in Garwood, Texas.  
Mrs. Archer had been ill for several  
weeks suffering with a complication  
of diseases. The deceased was well  
known in this city, having made her  
home with her daughter, Mrs. Robert  
A. Innis, for a few years.

The survivors are three daughters,  
Mrs. Innis of this city, Mrs. Koons,  
at whose home she died, and Mrs. E.  
H. Pence of Portland, Oregon. Mrs.  
Innis was in Miami, Florida, at the  
time of the death and she is now  
enroute to Garwood.

The body of Mrs. Archer will be  
brought to Hanover, Ind., for burial,  
and the body is expected to arrive  
there sometime Wednesday. Mrs.  
Archer spent practically all of her  
married life in Hanover.

## Girl's Voice Expected to Be Restored After Operation

Maxine Brown, daughter of  
Mr. and Mrs. W. V. Brown, 415  
West Fifth street, has re-  
turned from the Methodist hospi-  
tal at Indianapolis, where she  
was taken recently for treat-  
ment and removal of her tonsils,  
in an effort to restore her  
voice, which left her four  
months ago. The case was a  
peculiar one, according to the  
specialists, who diagnosed her  
case as paralysis of the vocal  
chords. Miss Brown is a high  
school student. Following the  
operation for enlarged tonsils,  
indications are that her voice  
will be completely restored, and  
it is believed that the difficulty  
will be overcome. During the  
four months, she was unable to  
utter a word, and was com-  
pelled to write any conversa-  
tion.

## ONLY TWO WEEKS LEFT TO ENROLL

Aim is to Have Fifty Farmers in  
Ton-Litter Club by January 31  
When Time Expires

COUNTY'S BIGGEST PROBLEM

Though Claiming to be Leading Hog  
Producer in State, She is Not in  
This Work Extensively

The county agent announced to-  
day that only two weeks remained in  
which enrollment in the ton-litter  
club will be received. A number of  
farmers have already enrolled and it  
is hoped that by January 31, the  
last day, there will be a total of at  
least fifty enrolled.

Farmers are very well acquainted  
with the ton-litter work carried on in  
the state last year, in which the In-  
diana Livestock Breeders' association  
awarded gold medals to contestants  
who succeeded in producing a litter  
of pigs to ton weight at six months  
of age, a silver medal for a litter of  
1,800 pounds and a bronze medal for  
a litter weighing 1,600 pounds at  
six months of age.

Although Rush county claims to  
be the leading hog producing county  
in the state, she has not entered into  
the ton-litter work very extensively,  
and no ton litters have been pro-  
duced by a contestant in this coun-  
ty. It is hoped that several will be  
produced in the contest this year.

In order to stimulate interest in  
this work, it has been decided that a  
special trophy will be awarded to the  
contestant in this county who mar-  
kets the largest number of pounds  
of pork per sow for a given age. This  
trophy will likely be in the form of  
a silver cup, and will be such that  
anyone will be proud to own.

It is pointed out that the winning of  
the medals is not the chief purpose  
of the contest, which is to enable the  
contestant to study more closely the  
factors involved in pork production,  
especially in regard to saving a large  
percent of the pigs farrowed, which  
is regarded as the greatest problem  
before the average Rush county far-  
mer today.

## FIRST PAYMENTS NOW DUE

Kiwanians Notified Regarding Riley  
Hospital Subscriptions

In answer to inquiries from mem-  
bers of the Rushville Kiwanis Club,  
the state headquarters in Indiana-  
polis, of the James Whitecomb Riley  
Hospital for Children announces that  
first payments on pledges made to  
the hospital building fund are now  
due, and checks should be sent to  
the Riley Memorial Association, 801  
National City Bank building, India-  
napolis. Pledges are payable over a  
five-year period, one-fifth of the to-  
tal payable each year.

Pledges totalling \$1,395 have been  
made by members of the Kiwanis  
club here. Kiwanis clubs of the state  
are raising a \$150,000 fund for the  
erection of one of the ward buildings  
of the Riley Hospital. Construction  
work on the first unit of the hospi-  
tal, being erected in Indianapolis,  
is now well under way.

## SEAT PLAT IS TO OPEN WEDNESDAY

Holders of Season Tickets For Lit-  
tle Theatre Will Make Re-  
servations First

GET FIRST CHANCE AT SEATS

Three One-act Plays, a Comedy,  
Drama and Ballet, to be Present-  
ed at Princess Jan. 29

Seat reservations for the second  
bill of the Little Theatre society, to  
be presented at the Princess theatre  
Monday evening, January 29, may  
be made at Pitman and Wilson's  
drug store by season ticket holders  
Wednesday morning.

The plat will not be open to those  
having only single admission tickets  
until Thursday. The bill will consist  
of a comedy, drama and ballet, the  
characters in which were announced  
today.

"Suppressed Desires", a comedy  
by George Cram Cook and Susan  
Glaspell, deals with psycho analysis  
in a most amusing way. The scene is  
laid in the Greenwich Village apart-  
ment of a young architect and his  
wife. The wife, a disciple of psycho  
analysis, almost drives her husband  
distracted with her constant talk on  
the subject. How he cures her by  
using one of her own theories is  
brought out most cleverly and amus-  
ingly.

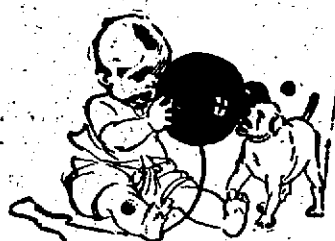

Characters in the play are: Hen-  
rietta Brewster, Elizabeth McWil-  
liams; Stephen Brewster, A. F. Cot-  
ton; Mabel, Mary Ruth Junken.

"Where the Cross is Made" by  
Eugene O'Neill is an intensely dra-  
matic study of the effect of the sea  
upon character. Like the same auth-  
ors, "Anna Christie", the Pulitzer  
prize play of last year, it uses the  
fear and love of the sea as a back-  
ground for a strong character study.  
It contains the same simple, direct  
and truthful dialogue in which he  
excels every living American play-  
wright and is beyond a doubt one of  
the best of his one-act plays.

The play gives opportunity for  
brilliant acting and the cast pre-  
sented is making the most of its  
opportunity. It is under the direction  
of Denning Havens, who is also  
playing the chief role. The complete  
cast: Captain Isaiah Bartlett, Wil-  
liam Worthington; Nat Bartlett, his  
son, Denning Havens; Sue Bartlett,  
his daughter, Bertha Adams; Doctor  
Higgins, Burton Smith; the attend-  
ant, Carroll Bever.

"Tamar", the third play on the  
bill, will be in the form of a bal-  
let. Although there will be dialogue  
and vocal music in it, it will in other  
ways follow the general form of  
a dance-drama, such as the Russian

## PRAYER MEETINGS ARE CONTINUED THIS WEEK

Schedule Announced by First United Presbyterian Church, Which is Preparing for Revival

### TO BE HELD IN A FEW WEEKS

The prayer meetings which were held by the First United Presbyterian church last week, among the homes of the different members, will be held this week also. The meetings are preparatory to the revival services which will be held in that church, within the next few weeks.

The schedule for the meetings this week will be as follows: Tuesday night at the home of Mr. and Mrs. W. F. Taylor, 619 North Sexton street, and at the home of S. H. Trubue in West Seventh street, with Mrs. Harry Kramer as the leader.

On Wednesday evening the pastor will conduct the meeting at the home of Charles W. Wagoner, 340 East Eleventh street, and T. M. Green will have charge of the services at the home of Mrs. Evaline Cheek, 632 West Sixth street.

The regular prayer service for Thursday evening will be held at the church.

On Friday night the services will be held at the home of Robert Boren, 840 West Ninth street, and at the home of Harry Kramer, 612 North Harrison street, the leader being Mrs. J. T. Paxton.

## SEAT PLAT IS TO OPEN WEDNESDAY

Continued from Page One  
Ballet presented on their tour of America several years ago. It has been adapted by Raymond Gregg from an old Russian legend and poem by Lermontov (1814-1841). The original by Lermontov is known as "The Demon" and the operatic version of the story with music by Rubenstein will be presented by the Russian Grand Opera Company at the Mural (Indianapolis) January 30.

The local adaptation of it takes only two small incidents from the main story and weaves it into a colorful ballet. The bizarre Russian costumes and scenery will produce a brilliant background for the dancing. Miss Love Straton, of Newcastle, who conducts dancing classes here every week, will stage the dances and her advanced pupils will be seen in the opening ballet. Miss Straton, herself very talented, will be seen as the solo dancer. Other characters are: Tamar, Charlotte Norris; The Slaves, William Behler and Fred Virtue; the attendants, Marian Kinsinger, Mary Elizabeth Beale, Virginia Sentman, Olive Logan; Frances Kirkpatrick and Judith Mauzy; Boyar, Raymond Gregg; The dancer, Love Straton; The Demon, J. All the plays have been staged by the director. All the costumes and various effects have been designed and made at the workshop with the exception of the dyed work which has been executed by Miss Henrietta Coleman.

## PAINTINGS ARE ON EXHIBIT HERE

Continued from Page One  
decorative pattern and color harmony. "The Percolator" received first prize last fall at the Indiana state fair in still-life. It offers a daring organization of color between the percolator, the rich blue foreground and the almost bizarre flowered background. One of the most dramatic canvases of the exhibition is the "Rookwood Vase," a handsome combination of purple and golden yellow in their fullest intensity. There is a small poetic sketch called "Song of the Cypress" painted at Assisi, Italy, that shows a ready and sympathetic understanding for new subject matter for this is one of the first sketches made in Italy this past summer. Refreshing bits of landscape are to be found in "Down Along," "Afternoon Glow," "Miami Valley" and "Fisherman's Cottage" painted at Plongasson, Brittany. The public is cordially invited to the exhibition which opens this afternoon and will also be open this evening from 7:30 to 10. The D. A. R. rest room is connected with the library. The exhibition will continue through the week.

### MYSTIC The Little Show With Big Pictures

TODAY AND TUESDAY

"THE FATAL MARRIAGE"

With Lillian Gish and Wallace Reid

Thrills you'll never forget

Don't miss this brilliant revival of "Enoch Arden"

Harold Lloyd in Comedy

#### Wally Reid at Mystic

The thrilling shipwreck scene, the tortures of a secluded life as a castaway on an uncharted island, the return of the wayfarer to his home only to find his wife married to another form the basis of a most engrossing drama in "The Fatal Marriage", produced under the personal supervision of D. W. Griffith and founded on Lord Tennyson's immortal poem "Enoch Arden". It is the current attraction at the Mystic today and Tuesday.

Wallace Reid and Lillian Gish appear in the leading roles of this striking picturization of the age-old poem, which has been committed to memory by millions and millions of men and women and school children the country over. As Annie, the devoted wife, against whose wishes Enoch sailed off to sea and who, thinking him dead, married her old suitor Phillip, Miss Gish gives a performance as brilliant as it is appealing.

Mr. Reid as the suitor, Phillip, who marries Annie when she abandons hope of ever seeing her husband again, scores another triumph in the name of fine acting. As Enoch, Walter Paget is all that could be desired.

Mr. Griffith has developed the drama of the shipwreck with his usual thoroughness. The struggles of the men in the water-filled cabin is big with thrills. As castaways on the island they endure all manner of difficulties. There is abundant optimism and happiness to counteract the effect of the more saddening scenes.

#### "Four Horsemen"—Princess

Rudolph Valentino, the celebrated young dancer who has the leading male role in "The Four Horsemen of the Apocalypse", a Rex Ingram production for Metro, showing today and Tuesday at the Princess, found his way to fame and fortune through his nimble feet.

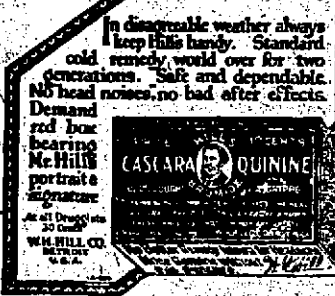

When you see Mr. Valentino in this screen adaptation of the world-famous novel of Vicente Blasco Ib-

ñez by June Mathis and notice his finished acting, the sure swagger of the café scenes laid in the Argentine, the polish of his manner in interpreting the student and lover in Paris, it will be your unquestionable opinion that here is a man initiated in theatrical ways as a child.

But it was neither as a dancer nor an actor that Mr. Valentino hoped to take fortune by storm. It was in the more humble sphere as a prospective agriculturist that he came to the United States, at the age of eighteen, a graduate from the Royal Military College of Agriculture at Genoa, Italy. As he planned his future he would become one of the great land owners in this country of opportunity.

But things happened swiftly for him in New York. Soon he was busy teaching Broadway's regulars his graceful steps. He appeared at Reo's as a dancing partner of Bonnie Glass, following this engagement with one in the Winter Garden and a long term contract in vaudeville.

## What the Taxpayers Want

Certain bills have been introduced in the legislature, which is now in session in Indianapolis, affecting the publication of legal and political advertisements in newspapers which are worthy the consideration of taxpayers of the state.

The bill that has caused the most concern is senate bill No. 77, by Senator Noble Hays, of Scottsburg, representing Jackson, Scott and Washington counties, which repeals the laws approved February 28, 1903 and March 9, 1907, requiring publication of the annual reports on receipts and expenditures by township trustees.

This would make the business of the township absolutely secret as far as the man or woman who pays taxes in the township is concerned. The taxpayer would have no more conception of what the township's money was being used for than if he or she lived in London, England.

We are making no accusations against any township trustee, and we have none in mind when we make these statements, but they are presented merely to show the possibilities that might develop if the township's business were not given the fullest publicity.

It is a noteworthy fact, too, that the demand for the repeal of the laws requiring publication of trustees' reports come largely from the trustees. Why they should become suddenly so solicitous of the people's welfare that they want to save

a few dollars which the publication of a trustee's report costs, is more than many taxpayers who have given the matter some thought, can fathom. There are many opportunities during the term of a township trustee where he can save the taxpayers much more than the cost of publication of his report.

These laws as well as others requiring township, city and county financial statements to be published so that the taxpayers may know how their money is being spent, were passed years ago in response to a public demand. The people who pay the bills have a right to know exactly what is done with their taxes and it is natural that they should want an itemized report on the business transacted by their public officials.

County commissioners, the circuit court and school corporations are compelled by law to publish an itemized financial statement at given periods, and why should the township trustee be exempted from this particular law? That no one has been able to explain. Taxpayers of a township read a trustee's report with greater avidity than they do the county commissioners' financial statement, because it comes closer home and deals with transactions in which they are intimately interested.

Another bill that is before the legislature is House Bill No. 135, introduced by Rep. G. Remy Bierly of Elizabethtown, representing Crawford and Harrison counties, which requires "newspaper publishers who print any notices or advertisements of the candidacy of any person for a public office, or any articles or editorials of a political nature or describing or commenting on the issues involved in any political campaign, shall print or publish any article, notice or advertisement submitted and signed by any candidate for public office or by any political committee, making payment of the cost of publication thereof in advance."

There is nothing particularly harmful about this section of the bill except that it seeks to regulate what newspapers shall publish, which is just the same as if the legislature would attempt to restrict the sale of a certain kind of calico in a dry goods store. Newspapers, although semi-public in their make-up, are privately owned and have to yield a profit to the owners else they fail, and the owners therefore have the right to determine what shall appear in the columns of their paper.

This manifestly is an effort to compel some newspapers to publish advertisements of political candidates not in agreement with the political policy of the newspaper. This question has never risen here because the columns of the Daily Republican have always been open to political advertisements of all parties, so long as the contents of the advertisements are inoffensive and do not insult the intelligence of Daily Republican readers.

This bill also provides that the charge must be uniform and that failure to comply with the provisions of the bill would be punishable by a fine of \$50 to \$500, to which may be added sixty days in jail.

This is another regulatory measure that should not be in effect, because to fix the rate which should be charged for all political advertisements would be discriminative, inasmuch as the rates for display advertisements, such as candidates for office use, are based on circulation. If the charge were fixed at the figure which the newspaper with the largest circulation would collect, it would be unfair to the advertiser, who would be paying an exorbitant rate in the smaller newspaper, and if the charge were fixed on the basis of the rate of the smaller newspaper, it would be unfair to the newspaper with the larger circulation, which would not be paid enough for the service it would be performing.

Sons Hold Vigil at Home of  
Father Who Was Threatened

Hope, Ind., Jan. 22—In the dead of the night when sick people die and ghosts are supposed to stalk in graveyards, the three sons of the Rev. Isaac Carey, 78, "the fighting pastor of the Holiness church" pace their weary beats, guns slung over their shoulders.

A letter was received by the aged minister warning that if he did not leave Hope he would be hanged at the Central school building in Hawcreek township.

The three sons came down from Farnfork and took up the vigil to protect their father, who recently was removed from the pastorate by the church conference in Cincinnati and continued from the pastorate by the church conference in Cincinnati and continued holding services in the church because he held the key. No one else was permitted to hold the pulpit.

One faction in the congregation which supported the Rev. Carey in his fight have joined the sons and have armed themselves "in the name of righteousness."

The other faction was discreetly silent.

Meanwhile the sons and friends of the minister are searching for the father of the anonymous letter and stand guard in different shifts.

OKLAHOMA MAY PASS  
NEW SOLDIER BONUS

Jack Walton, Governor-Elect Backed  
By Farmers and Soldiers, in Favor of Compensation

## SEEK LEGISLATIVE ACTION

Oklahoma City, Jan. 22—In spite of the fact that Oklahoma's \$50,000,000 state bonus measure was defeated at the recent general election, prospects for some kind of a state compensation measure are good, according to bonus advocates. Jack Walton governor-elect, backed by farmers, labor and soldier organizations, is in favor of a compensation measure and has promised passage of such during his term as governor.

Walton leaders in the new legislature which meets the second week in January, are working on a new bonus measure which will be submitted to the legislative body, it was announced.

Vote in the general election on the bonus measure showed a majority of state voters to be in favor of a compensation measure, but was not large enough to be a majority of all the votes cast, as required.

The new measure, now being drafted, will be more favorable than the one voted on, as it will require a smaller state appropriation and expenditure, administration leaders said.

The first measure provided payment of \$50 per month's war service to soldiers enlisting from Oklahoma, which would have required an appropriation of \$50,000,000. The new measure will call for a state expenditure of \$30,000,000, it was said.

INDIANA TO GET  
PARK CONFERENCE

National Conference of State Parks  
Will Be Held at Turkey Run in  
Parke County in May

## 35 STATES REPRESENTED

State Parks in Indiana are Self  
Supporting and Provide Primitive  
Recreation Centers

Indianapolis, Ind., Jan. 22—Indiana's state park movement which has resulted so far in the establishment of four recreational centers, is to be highly honored in early May this year when the National Conference of State Parks will be held at Turkey Run reservation in northern Parke county.

This announcement was made upon receipt of a telegram from John Barton Payne of Washington, D. C. stating that the executive board of the National State Park Association had acted favorably on an invitation of the Indiana Conservation Commission, to hold the annual conference in Indiana.

There are about thirty-five states represented in the National Association of State Parks and among the leaders of the movement to establish state parks in all commonwealths for the preservation and continuation of primitive America, are such men as Stephen T. Mather, Director of National Parks; Gifford Pinchot, a nationally known conservationist and recently elected Governor of Pennsylvania, and Mr. Payne, who in addition to his work toward the conservation of natural resources, is the president of the American Red Cross Society. These men and many others are expected at the third annual meeting at Turkey Run in May, exact date of which will be later determined.

Last year the association met at the Palisades on the Hudson, New York, and the year previous the meeting was held at Des Moines, Iowa. Many of the states with scenic grandeur are establishing state parks to attract the tourist business, seeing in this trade an untold stream of gold. Others are principally moved to preserve some of the early wealth of the state and hold intact so far as possible a remnant of the virgin timber.

State Parks in Indiana, although movement is still young, are becoming self supporting and prove beyond doubt that in addition to providing primitive recreational centers away from the heat and dust of the cities and towns, can also be made to return a considerable source of income for the state. Turkey Run alone last year earned in excess of \$10,500 and each year sees the attendance increasing. More than 58,000 people paid admission to this park during the fiscal year of 1922.

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little stomach is upset, tongue coated, or if your child is cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## Dempsey to Defend Title in 1923

By HENRY L. FARREL  
(United Press Sports Editor)

New York, Jan. 22—Jack Dempsey beyond all doubt will fight someone, someplace, sometime, this year. The heavyweight champion may not be in need of coin, as he has been doing stage work at a fat weekly stipend, but it is a cinch he does need work if he is to retain his form.

Had he not been tied up with a vaudeville contract, it is probable that Dempsey would have engaged in some kind of an engagement last year. He tried to worm out of the stage work, but when a law suit was threatened he went through with it and it took until Christmas to finish it.

Finding opponents for a heavyweight championship bout is not as difficult as finding the money to pay the champ for his end. Jack Kearns has an idea that Dempsey as one end of any kind of a bout is worth at least \$100,000. He may be right, but the promoters can't find a place big enough for that kind of an indoor show.

If Dempsey wants to fight this year, he probably can have his pick of Harry Wills, Luis Firpo, Tommy Gibbons, Georges Carpentier, Joe Beckett or Floyd Johnson.

Wills probably will be sidetracked, as most of the promoters big enough to pull off such a show are afraid of the color issue that would be sure to be drawn into it.

Firpo is being built up by Tex Rickard for a crack at the title and if the South American giant continues to show an improvement, the bout may be staged in South America, where Firpo is a national idol.

Top prices of \$75 were charged for the bout sometime ago between Firpo and Jim Tracey, the worn out former Australian champion, and if the South Americans are that keen about boxing they would pay more to see their hero take a crack at the champion.

Despite the fact that Tommy Gibbons is one of the best heavyweights in the class, the St. Paul boy has been unable to get a bout with Dempsey.

Gibbons did not bother Dempsey with challenges until he felt that he had developed to the point where he would give the champion a good fight.

Several challenges to Dempsey brought no response and several offers made by promoters were also unanswered.

Gibbons, of course, is somewhat smaller than Dempsey, but size is no great factor in the heavyweight class, as Dempsey proved against Willard.

If any of the contenders for the title has a real chance to beat Dempsey, it is Gibbons. He is fast on his feet, he can box, he has had experience and he can hit with either hand. He is a great fighter and he is as good at close quarters as Dempsey.

Gibbons wants a fight with Dempsey next summer and he ought to get it. He is popular around New York and there is no doubt that it would be a good card for any promoter.

Dempsey has said many times that he will go to Europe for another visit if the American promoters do not get busy and get him some work.

Another journey, to the other side could mean only that Dempsey was going over there to get work and Carpentier and Beckett are the only eligibles on the other side.

Dempsey vs Beckett sounds like a ridiculous attraction on this side, but the British take their Joe seriously and many of them would pay good money just to see Dempsey in action.

Had it not been for Battling Siki, the Dempsey-Carpentier No. 2 act would be on now, but that unlooked for knockout reduced the drawing power of the Frenchman, but the bout may be staged, nevertheless.

Hittin' 'Em  
and  
Missin' 'Em

WE'RE GONNA TO SHOOT SEVEN Five in a row all at home, come next on the card for the Rushville high school. Then the last two games are away from home. The seven teams which will be met, are Shelbyville, Elwood, Newcastle, Cathedral and Terre Haute, all here and then Anderson and Elwood away from home.

## AND A TOURNEY ALSO

In between those games, there is a county tourney scheduled here, with eight Rush county teams listed to take part, on February 3. Plenty of basketball in the next six weeks will be furnished the local fans.

## HERE'S PLENTY OF DOPE FROM MOSCOW—FIGURE IT OUT!

Dear Hittin' 'em—Just wondered why you didn't figure us in, that quartette—Milroy, Rushville, Carthage and Manilla. By dope we've got some of them beat and at least are on a par with the rest—and on top of that the captain of our team has been sick for two months and when we played Carthage with two regulars out of the game, we beat them 17 to 9 the first half and it was only with a terrible spurt and three substitutions at the last two minutes that they beat us 24 to 22. Again, look at this—at Arlington, with three men out, Moscow 41; Arlington 17; Arlington beat Webb 1 point; Webb 31 and Manilla 15. Then again, our first game of the season to Greensburg's fifth, we missed 12 free throws and lost 16 to 10. Rushville beat them three points when both teams were in the midst of their season and Greensburg beat Milroy 5 points. Then review the first half of the Raleigh-Moscow game, 21 to 2 in Moscow's favor and final count 27 to 9, and the first half of the Raleigh-Milroy game, 13 to 11 in favor of Raleigh and final result of Milroy 30 to Raleigh 18 (a whirlwind); next, first half Arlington-Milroy game, Arlington 15, Milroy 13, and also Moscow 23 and Arlington 6, in the first half. How is that for dope with a crippled team?—A fan from Moscow.

## OUR HEAD SPINS LIKE A TOP

Well Moscow, after you have it all figured up, and after our head has stopped going around from following you step by step, we believe that you are entitled to a place in that quartet, but Hittin' 'em still maintains that the county tourney will be anyone's game, and that we hope that none of the captains or best players will be off of any team, so that all will have an equal chance, and no alibis to offer after the big event.

## MAKE 'EM KEEP TRAINING RULES, JOHN

The coaches of high schools in Rush county, all of 'em weighing 200 pounds or more, organized a basketball team Saturday afternoon. The five who will play are Means of Moscow, captain; Beasley of Milroy, McPherson of Raleigh, Jones of Nashville and Sebell of Carthage. John Geraghty, coach of the Webb school, was elected coach of the county team. B. D. Farthing, county superintendent of school, will act as booking manager.

## BUT SOME TEAMS IN COUNTY ARE HITTIN' 'EM

Hittin' 'em and Missin' 'em—Would suggest that you call your sporting item only, 'Missin' 'em'. It sounds much more appropriate," writes B. M. H., who also concluded with, "Day by day, in every way, we're hoping our team gets better and better."

## THE LEAST OF OUR WORRIES

Shootin' 'em and Stoppin' 'em in the News, in a glaring headline asks, "Is Rushville Afraid of Milroy?" No, Shootin' 'em, Rushville isn't afraid of Milroy—just afraid of four or five other teams here in the county.

## YOU OUGHT TO PLAY 15 MINUTE HALVES

The other night Hittin' 'em in a most friendly manner, stated that Newcastle expected to wallop Richmond, which they almost did, and in answer to our remarks, "Martin" up

Thin? Run-down?  
Sure Way to  
Get Right Weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1876, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looking. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peaky, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again.

## MOSCOW HUMBLING NEWPOINT

Defeats Scrappy Decatur County Team by Score of 22 to 13

Moscow high school basketball team won out over one of the scrappiest little teams Decatur county ever turned out. Friday night, defeating Newpoint, 22 to 13. The game was a battle from start to finish and although Moscow's careful shooting enabled them to keep a slight advantage, yet the game was in doubt until the last five minutes. The defense of both teams was good and hard to penetrate. The first half ended with Moscow 14 and Newpoint 7, after Newpoint had got off to a fast start.

The Moscow team halted Newpoint's chances to make it their eleventh straight, and the game was the 13th played this season by Moscow.

## SPICELAND SWAMPS MILROY

Defeats Rush County Team, Handicapped by Illness of Players

Spiceland overwhelmed Milroy Saturday night at Spiceland, by the score of 40 to 23, in a game of basketball played between the two high school teams. The Academy team got an early start and had the advantage of Milroy at all times.

Milroy was still handicapped on account of some of their best players being out of the game on account of bad colds.

## WINTER FISH STORIES

North Webster, Ind., Jan. 20.—Hundreds of fish are being caught daily through the ice on Webster lake and other lakes nearby. According to the Isaac Waltons, the funny tribe is hungry and all that is necessary to do is to bait a hook, drop it through a hole in the ice and pull out one fish after another.

a Few" in the Newcastle courier, says:

## WHAT SAY, RUSHVILLE?

Hittin' 'em, you should have seen that game. We surprised 'em all right. Newcastle led 10 to 6 at half time and in the middle of the second half Newcastle led 17 to 12. The game was lost in the last eight minutes. We warn you that our wind will be plenty good by the time we land down there two weeks from last night.

We're still pickin' Anderson.

## GOOD ATTENDANCE RECORD

Logansport, Ind. Jan. 20.—Twenty two pupils of the country schools of Cass county last month had a perfect attendance. The average attendance of all schools in the county was 96.22 per cent, which is indicative of the fact that there was little sickness among the pupils. The school of Ralph Stewart in Jefferson township where there are 22 pupils maintained a perfect attendance record for three months.

## HOLDING JOB WAS PROBLEM TO HIM

Rheumatic Pains and Indigestion Overcome by Tanlac, Work is Now Easy, Says Bistline

"Anybody looking for a real tonic ought to get Tanlac," declared George W. Bistline, 439 Hickory St., Hammond, Ind., assistant foreman at the American Car Corporation plant at East Chicago, Ind.

"I used to think the road was mighty rocky, but since taking Tanlac I have the vigor that spells success. Terrific headaches, nervous spells, a racking pain in my back and indigestion that nearly doubled me up made me think I had a slim chance. My appetite left me, gas bloated me up so I could hardly breathe when I did manage to eat a little, and loss of sleep had me so run-down and worn out it looked like I couldn't hold up on the job.

"But now my neighbors tell me I look fine and I say I feel the same. My stomach trouble is all gone. I haven't an ache or pain and have gained weight. Tanlac deserves all the praise it is getting."

Tanlac is for sale by all good druggists. Over 35-million bottles sold.

## MILLION SPENT TO AID ADVERTISING

Agencies Interested in Advertising Invest More Than Million Each Year

### PLANS WELL ORGANIZED

Certain Amount is Used to Expose Fraudulent Schemes and Other Amount for Educating People

New York, Jan. 22—That publishers, advertisers, advertising agencies and others interested in advertising are now investing more than \$1,000,000 a year through various associations for the improvement of advertising, develops from a bulletin issued by the Associated Advertising Clubs, reviewing the work of 1922.

More than \$500,000 a year is being employed in the nation-wide movement to prevent the abuse of advertising through the publication of false or misleading statements, the bulletin shows. Of this, approximately \$100,000 is used by the National Vigilance Committee of the Associated Advertising Clubs, with headquarters here while forty local better business bureaus, supported by business men in as many cities in the United States, have annual budgets exceeding \$10,000 each. The budgets of the bureaus in some of the larger cities are around \$50,000 a year, while that in New York City is \$100,000.

In addition, are the educational and legislative work, as well as cer-

tain movements towards standardization, conducted by the Associated Advertising Clubs and by the various national associations, representing newspapers, magazines, advertisers, agencies, and others whose work is linked with that of the Associated Advertising Clubs, the entire effort being co-ordinated through the National Advertising Commission, in the membership of which each of these national bodies is represented by three delegates.

There are now laws against untruthful advertising in thirty-six States of the United States, as well as numerous provinces and cities in other countries, and the advertising club movement is being extended rapidly into other parts of the world. The report shows, for example, that there is a well-organized association of advertising clubs in Australia and New Zealand, which holds annual conventions with splendid educational exhibits, and which is functioning much as do such organizations in this country.

The report shows that the advertising association is working closely with the leading colleges and universities of the United States that offer courses in advertising. Teachers of advertising have been organized into the National Association of Teachers of Advertising, and Prof. N. W. Barnes, of the University of Chicago, president of the teacher's association, is a member of the educational committee of the association.

The Associated Advertising Clubs finished 1922 with a total membership of 25,000 embracing 250 advertising clubs, and had \$100,000 revenue last year from sustaining members.

### PLAN FOR RECORD CLASS

Every Section Of Indianapolis Valley  
Including Many Counties, Urged  
To Be Represented

(Special to the Daily Republican.)

Indianapolis, Ind., Jan. 22.—How many persons in Indiana who think they are well up on "jogafy" know there is a "Valley of Indianapolis" and just where and what such "valley" is? This is a query put forth by Leslie D. Clancy of this city, who happens to be "master" of this valley.

Mr. Clancy hastens to explain, lest readers be too greatly mystified or begin to fear that they didn't learn all there was to be learned when they studied their big, wide geographies of the Hoosier State.

"The Valley of Indianapolis is a Masonic term applicable to Scottish Rite Masonry," Mr. Clancy says. "Therefore it is not defined as such has geographical bounds. Even many of the Scottish Rite do not know these bounds and fail to realize the real scope of the Valley of Indianapolis."

"It will be of interest to know that the northern boundary of this Valley is made up of the following counties: Newton, Jasper, Palaski, Cass, Howard Grant, Delaware and Randolph. The southern boundary is composed of Sullivan, Green, Martin, Orange, Harrison, Floyd, Clark, Jefferson and Switzerland counties. The east and west boundaries are the Indiana state lines in each case. This territory thus embraces fifty-eight counties throughout the great center of Hoosierdom and this comprises the Scottish Rite Jurisdiction of the Valley of Indianapolis."

"We are preparing for a great convocation to be held the week of Monday, March 19th and every member of our Valley has been given petitions to be 'served' on his Master Mason friends. We hope to make this spring class a record-breaker and are foregoing the usual city class in favor of one great class to come from the entire fifty-eight counties, all to receive the degrees within the convocation session in March."

It is pointed out that a reunion of all present members of the Rite will be held at the same time as the initiatory ceremonies and that an important feature will be the official banquet to the members of the Council of Deliberation, the legislative body of the Rite. While it is true we have a large membership, we are small compared to the territory we have to cover and we hope for larger representation in every section of our Valley," Mr. Clancy states.

## DOCKS AND INDUSTRIAL SITES WILL BE ADDED

Harbor Plan Commission Announ-  
ces all Property Around Basin Has  
Been Obtained by Chicago

### IN CALUMET DISTRICT

Chicago, Jan. 22.—Nearly fourteen miles of dock and industrial sites will be added to Chicago harbor facilities by the construction of the new Lake Calumet harbor basin, work on which will be started within a few weeks.

The harbor plan commission has announced that practically all of the property in and around the basin has been obtained by the city. Secretary of the Navy of War Weeks gave his approval to the project several weeks ago.

The basin will have an inundated area of 2,144 acres and 1,451 acres bordering the basin will be held by the city for docking and factory sites.

From the basin a wide channel will be run to the Calumet river, which offers an outlet to Lake Michigan. The harbor and channel will be dredged to a depth of 21 feet and the excavated material used in filling in the surrounding land.

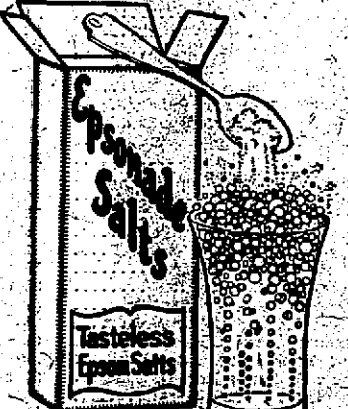

Lake Calumet is situated within a short distance of the new site for the proposed \$6,000,000 Ford automobile factory. Efforts to turn the lake into a harbor have extended over many years.

It is believed the entire project can be completed in six years.
